**August Monthly Actions: Agency Took Licensure Action against 13 Providers, 12 Additional Providers Terminated or Suspended from the Medicaid Program**

**Tallahassee, Fla.**— The Agency for Health Care Administration (Agency) issued final orders to 13 providers for failure to meet licensure requirements during the month of August. The Agency issued four final orders to deny a license renewal application, eight to revoke an existing license, and one that resulted in the provider surrendering their license. Some of these providers were enrolled in the Medicaid program; however, the Agency has terminated or is in the process of terminating their participation in the program.

Nine additional providers were issued a final order terminating them from participation in the Medicaid program in August. These terminations resulted from sanctions imposed for conspiracy to commit health care fraud, failing to reimburse Agency within the timeframes established by the Agency, termination from Medicare/Medicaid program, and pleading guilty to health care fraud. These providers also have been reported to the federal government for placement on the federal exclusion list, which prohibits them from participating in Medicaid and Medicare nationwide.

There were also three providers suspended from participation in the Medicaid program prohibiting the providers being paid for claims to the Medicaid program for furnishing, supervising a person who is furnishing, or causing a person to furnish goods or services.

The chart below displays the Agency’s August licensure actions:
