**August Monthly Actions: Agency Took Licensure Action against Six Providers,
Ten Additional Providers Terminated from the Medicaid Program**

Tallahassee, Fla. – The Agency for Health Care Administration (Agency) issued final orders to six providers for failure to meet licensure requirements in August.

There were two final orders to revoke an existing license, three final orders to deny a license renewal and one that resulted in the provider surrendering their license. Some of these providers were enrolled in the Medicaid program and the Agency has terminated or is in the process of terminating their participation in the program.

In addition, 10 providers were issued a final order terminating them from participation in the Medicaid program and have been reported to the federal government for placement on the federal exclusion list, which prohibits them from participating in Medicaid and Medicare nationwide.

Agency Medicaid terminations and suspensions typically result from failure to return funds due to the Agency within required timeframes; a charge, indictment, or guilty plea to a health care related crime; suspension, termination, or exclusion from Medicare or Medicaid in another state; or a license denial, revocation, suspension or termination by the licensing agency.

The chart below displays the Agency's August licensure actions:
