

**Florida Agency for Health Care Administration  
Managed Medical Assistance (MMA) Section 1115 Demonstration Amendment**

**ABBREVIATED PUBLIC NOTICE**

The Agency for Health Care Administration (Agency) is seeking federal authority to amend its Managed Medical Assistance (MMA) Section 1115 Demonstration program (project numbers 11-W-00206/4 and 21-W-00069/4) to implement operational changes resulting from the recent re-procurement of the Managed Medical Assistance and Dental plans. These changes expand the Behavioral Health and Supportive Housing Assistance Pilot, enhance the way in which some Medicaid recipients are enrolled into the MMA program, update specialty plan descriptions, remove obsolete details relating to performance improvement projects, include an additional service in the MMA program, and shift specific services from the MMA to the Dental program. As such, the Agency is seeking Medicaid federal matching funds for non-substantive conforming changes to the MMA program associated with the recent re-procurement. Among other benefits, these changes will allow all members of a family who are enrolled in Medicaid to receive services under a single plan that provides MMA, Long-Term Care, and specialty product benefits.

The Agency provides this notice in accordance with federal requirements to inform the public that we are providing a 30-day public comment period on the proposed demonstration amendment starting on September 17, 2024. The draft application proposal and more detailed information for submitting public comments will be available on that date at:
